LADY (HEAR ME TONIGHT) - MODJO

This track is built around samples from 'Soup For One' by Chic - it's Nile Rogers playing guitar. Nile Rogers is a mastermind guitar player and producer. He's written, produced and played guitar for countless artists through the years since the 1970s - and he's still going!

His hits with Chic include 'Le Freak' and 'Good Times' - which was sampled in Sugarhill Gang's 'Rapper's Delight' - one of the first commercially successful records to feature rap vocals. Other records of his include Sister Sledge's 'We Are Family', David Bowie's 'Let's Dance', and records by Madonna, Duran Duran and so many more.

in 2013 he featured heavily on Daft Punk's 'Get Lucky' - his guitar playing providing the funk groove that makes the track infectious. To this day his influence is felt all across popular music.
